

Specifications

- * Input Port and Specifications:
 - ◆1xUSB A Male: Meets USB 2.0 standards, offers a transfer speed of up to 480 Mbps, is backward compatible with SB1.2/USB1.1/USB1.0, and is used for connecting computers.
- * Output Ports and Specifications:
 - ◆1xRJ45 Female: Compliant with IEEE 802.3/u, IEEE 802.3/U 10BASE-T/100BASE-T, and 1000BASE-T standards, supporting automatic adaptation to 10M/100M network speeds; Supports full-duplex and half-duplex modes. Support for cross-detection and automatic network cable correction. Support for network wake-up functionality. Supports IPv4/IPv6/TCP/UDP network transmission protocols.
- * Indicator Light Description: Power Supply: Green indicator light is constantly on, Data transmission: Yellow indicator light flashes quickly.
- * Power Requirements: Computer USB Power Supply
- * Product power consumption: no-load standby ≈ 25 mA, plug-in network cable ≈ 40 mA
- * Installing Windows 7/XP requires manual installation of network card drivers, which are compatible with other systems without a driver.
- * Supported systems: Windows 10/8.1/8/7/XP, MAC OS, iOS, Linux, Android
- * Working temperature: $0^{\circ}\text{C}\sim 45^{\circ}\text{C}$
- * Storage temperature: -10°C to 45°C
- * Measured temperature: None available
- * Other: products only support online upgrades under the WINNDOWS system.

Selling points

More Stable Wired Network: The UGREEN usb to ethernet adapter can provide a faster, more reliable and stable wired network. Let you no longer suffer from loss or loading. It's also good for avoiding Wi-Fi interference and privacy issues.(Please note: This product is equipped with the AX88772D chip)

Perfect for Online Game Player: The ethernet to usb is perfectly compatible with Nintendo Switch, Nintendo Switch Oled. No more suffering from slow download speeds and high network latency, enjoy smooth online gaming with friends. (Not compatible with any Wii series devices like Wii, Wii U, Wii Family Edition, and Wii Mini.)

100Mbps Fast Speed: The usb to ethernet can provide up to 100Mbps network speed. It can give a full play to the performance of network and ensure stable speed for online gaming, meeting, class, HD video streaming, upload, download, and more

Easy Setup: The ethernet adapter for laptop is plug and play on Windows 11/10/8.1/8, macOS, and Chrome OS, no need to install driver. It requires installing the driver on Windows XP/7/Vista and Linux, which you can easily install with our instructions

Wide Compatibility: UGREEN usb network adapter is compatible with Nintendo Switch, Nintendo Switch Oled, Laptop, Desktop, Roku Streambar, and more USB-A devices. (Not compatible with Nintendo Switch Lite, Wii, Other TV Boxes, all TV and Fire TV Sticks.)

Compact and Portable: This UGREEN network adapter for pc size is 2.4*0.9*0.6 inch, Cable length 3.9 inch. You can easily take it anywhere with your briefcase or pocket, very suitable for the business person
