Elevating visual protection in every angle

The C6N Pro unveils a panoramic vision over your indoor domain. It can deftly rotate to capture every detail in your room, such as the position of your kids or your flurry pets, protecting your home from day to night.

360° Protection with customized patrol

The C6N Pro pans and tilts automatically to eliminate blind spots with its unique patrol mode. You can even customize patrol patterns in accordance with your very special home, leaving no corner uncovered.

Get the notifications that matter

A lot of activities go on inside your home. Don't want to get alerted repeatedly when your curtains flutter in the wind? The C6N Pro is smart enough to identify human activities in particular. You can choose to get alerted only when somebody is detected on camera.

Auto-tracking keeps you informed

Powered by advanced human motion detection, the C6N Pro swiftly locks onto people's movements, rotating to track their ongoing activities. Be it your parents' steps or your toddlers' playful moves, this camera ensures no lively scene goes unnoticed.

Connect to your loved ones

Stay connected with your families is of great significance. This camera keeps you informed when your baby cries. What's more, a simple tap on the camera is all it takes when your elderly parents need to reach out to you, which is the simplest way to start a video call.
