*** Product power consumption: 70 mA ≤ no-load standby, 100 mA ≤ playing music**

*** Bluetooth version A1: 5.0, A2: 5.4**

*** Operating frequency: 2.400 GHz - 2.4835 GHz**

*** Bluetooth protocol: A2DP, HFP**

*** Decoding Methods: A1 version: SBC, A2 version: AAC/SBC**

*** Transmission distance ≥ 10M**

*** Multi-point connection supports one-to-two functionality**

*** Power-on/Power-off Operation / Power-On/Power-off Shut-off**

*** Output Power/Voltage: A1 version: approximately 30 mW (no load), A2 version: 740 mVrms**

*** Audio Sampling Rate:**

3.5mm audio port: supports 16-bit, 44.1K/48KHz

Microphone: 16-bit, 8kHz

*** Response frequency 20-20 kHz**

*** Signal-to-noise ratio >94 dB (TYP:95 dB)**

*** Total harmonic distortion + noise (THD) < 0.05% (TYP: 0.05%)**

*** Driver Installation: Driver-free**

*** Supported systems: Android, iOS, Windows, Mac OS**

*** Other products have no buttons**

Selling points

Add Bluetooth to Your Car: UGREEN Bluetooth receiver is designed to turn home or audio systems, or speakers into hands-free, Bluetooth-enabled devices. If you want to stream music or listen to phone conversations through car's speakers, but your vehicle didn't come with Bluetooth, UGREEN Bluetooth Car adapter is an effective solution.

High-Fidelity Stereo: Equipped with the latest Bluetooth v5.3 chipset, the 3.5mm Bluetooth adapter offers a 10m stable connection without delay. This car Aux Bluetooth adapter supports SBC codec, delivering clear, functional, and enjoyable sound—both for listening and for speaking.

Hands-Free Calling: Built-in with microphones, UGREEN Bluetooth car aux receiver allows you to enjoy phone calls with hands-free calling straight through the car's speakers. With the help of this compact Aux Bluetooth car kit, you don't have to look down at the phone on the move. Have a safe journey!

Plug and Play: UGREEN 3.5mm Bluetooth Car Adapter is quite easy to use. Just plug it into the 3.5mm aux jack and power it by the USB port, no need to continually charge the battery! The Aux to Bluetooth adapter will automatically connect with your phone when you turn on the car. This Bluetooth car Aux adapter also can remember up to five devices and allows users to pair and share two devices at the same time without any trouble.

Durable and Portable: UGREEN Bluetooth Car Adapter is made of zinc alloy connectors, which enhanced the durability of Bluetooth 3.5mm adapter. With a 0.3M-1.5M premium TPE elastic cable, the car USB Bluetooth adapter will meet your needs on different occasions. The UGREEN Bluetooth kit will not take up extra space in your car as it's mini size.
