PRODUCT DESCRIPTIONS

1. Adopt high brightness LEDs as light source with low light decay.

2. High density and flexibility with good heat dissipation.

3. 2 OZ FPC, original high quality tape

4. Easy to install and preserve,can be bent freely,with 3M tape on the backside

5. High color efficiency, uniform illumination with wide view bean angle

6. Low voltage (DC12V, DC24V) for human safety, various colors available.

DETAILS:

MODEL : W5050RGB-60D

SIZE: 10MM PCB WIDTH

POWER: 10W/M

INPUT VOLTAGE : DC12V

CCT: RGB

POWER FACTOR: >0.5

IP RATING : IP65
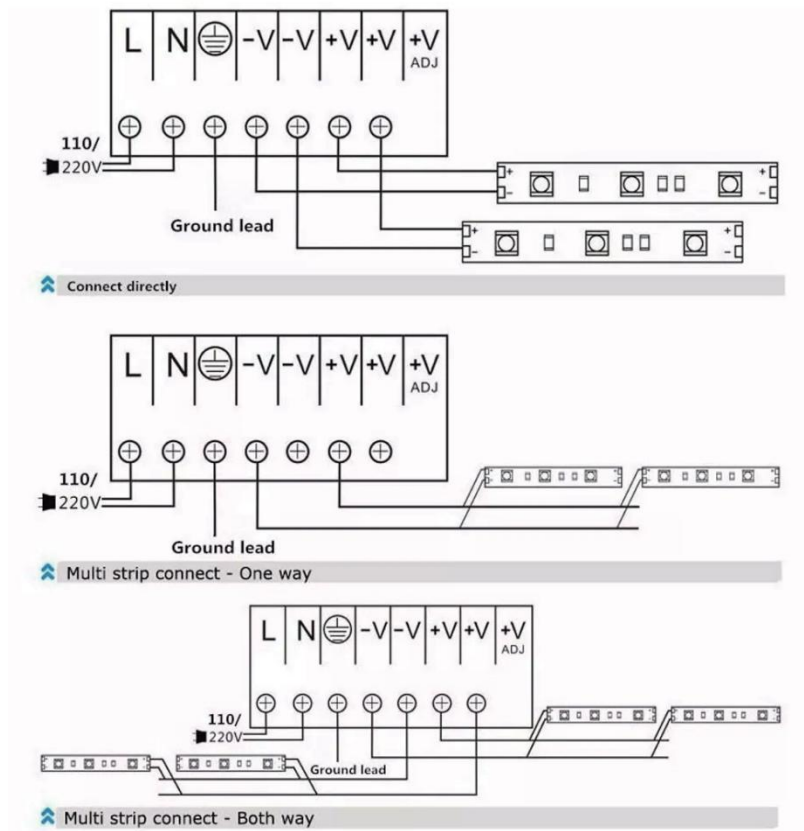

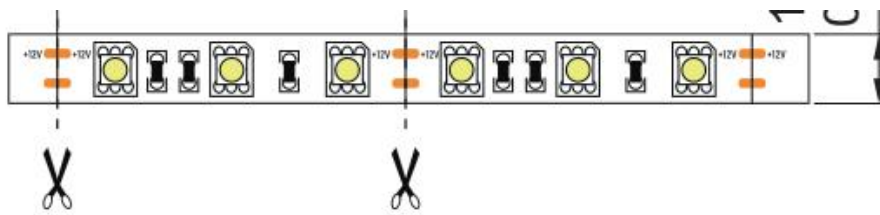

CRI: Ra>80

LIFESPAN: 15000hrs

LIGHT SOURCE : LED 5050 SMD - 60 LEDs

MATERIAL : COPPER PCB + LEDs

PACKAGE: 5M/ROLL/COLOR BOX

WARRANTY : 1 YEAR WARRANTY

CONNECT METHOD :

Connect directly

Multi strip connect - One way

Multi strip connect - Both way

APPLICATION:

IN DOOR LIGHTING ONLY , HOME DECARATION , BEDROOM, ETC.
